

"Animation is a technique,
not a genre."

— *Gore Verbinski*

"In Hollywood, they think drawn
animation doesn't work anymore,
computers are the way.

They forget that the reason
computers are the way is that Pixar
makes good movies.

So everybody tries to copy Pixar.

They're relying too much
on the technology and
not enough on the artists."

— *Tim Burton*

"Well, luckily with animation,
fantasy is your friend."

— *Steven Spielberg*

Making Animations with Matplotlib
